Magic Nights - Make Your Venue More Magical with Adrian Salamon!

In a world where the cost of living is sky-rocketing, people are being more careful where they spend their money, looking for better value. In this competitive landscape, only the venues that truly excel will capture the attention of today's savvy clientele. This proposal is your roadmap to unlocking your venue's competitive superpowers, ensuring that your establishment becomes the ultimate dining destination, leaving your competitors in the dust

So, what will I do then?

Let's have a list of things Magic can do to your venue!

Magic can...

- Increase foot traffic
- Increase the average spend of customers.
- Increase Customer Satisfaction
- Increase Brand Image & Competitiveness
- Provide social media marketing and reviews

Sounds pretty good huh?

A Night of Magic

Imagine your restaurant or bar transformed into a hub of excitement and wonder as I go around tables performing amazing close-up magic. Whilst people are waiting for their food to arrive or just sipping on a cocktail, I'll make sure everyone is entertained.

I'll work with the staff to help make their jobs easier - helping the flow from the kitchen and filling up any unexpected delays. By collaborating effectively, we can create a positive dining experience that will leave a lasting impression on your guests.

"Adrian is a very talented magician and has delivered great experiences for our guests on a very basic brief. He has integrated into the operation well and enhanced our overall magical offering. He is a stand-out for guests on days he is in our venues, and I would highly recommend him"

-Stuart Jarman, Managing Director at The Potions
Cauldron - Magical Drinks, Attractions and
Experiences.

So, what can it do for my venue?

- **Increased Foot Traffic and Customer Engagement**

Word of mouth advertising is great. It's free and works! Guests will be eager to share their magical experiences with friends and family, especially on social media - generating buzz and driving traffic to your venue.

- **Social Media Marketing Gold**

As mentioned, when people see magic up close, their mobile phones come straight out, which they will share among their social media accounts! This organic social media engagement will generate excitement and buzz around your restaurant or bar. This may also include more positive reviews on Google & and TripAdvisor.

- **Competitive Advantage**

As you would know, the hospitality industry is a competitive place. Having a magician perform adds something unique to your venue, giving a reason for people to come.

It's something most people have never seen. It also gives customers a reason to return – If they enjoyed me performing, they may want to see me again, and even bring friends & and family along.

- **Longer Stays and Higher Spending**

Customers tend to spend more time and money in establishments that provide entertainment. When a magician performs, customers are more likely to stay longer and order additional drinks or food. This can help boost revenue and increase the overall profitability.

- **Unobtrusive**

Unlike a band or singer, I am very unobtrusive and will not get in anyone's way. I do not take up and other space (well, except me!). I will always work with staff to make sure I am where needed and not in their way when serving.

Adrian Salmon Magic: Your Partner in Entertainment

Whether you're hosting private events, themed nights, or fancy having regular magic performances, I am here to help you transform your establishment into a hub of excitement, wonder, and lasting memories.
